

Parent Conference

“Critical Conversations”

Thursday, February 25, 2016 at 6:30pm in the gym.

Details:

- Due to the subject matter, this is an ADULTS ONLY conference. No exceptions. We want both the presenters and attendees to feel at ease to freely discuss the issue of sex and how it impacts our kids.
- The presenters, Barrett and Jenifer, have a wonderful ministry to families, and their goal is to equip you to tackle the issue of sex and culture with your kids. That being said, while they are both professional and Christ-centered, they're not afraid to talk about the issue of sex and how it impacts our children on a daily basis. They will address matters like technology, pornography, and other issues that we need to speak about with our kids. However, you will not be asked to speak or do anything other than listen. You will have an opportunity to ask questions, but that will be optional.
- While we will not be extending an open invitation to the community, we do encourage you to invite your adult friends or family members.
- Cost: \$8 per adult / \$10 per married couple (If married, we HIGHLY encourage both parents to attend if possible).
- Advanced payment is not required, but encouraged. It will help us to know how many participants to expect, as we will be providing handouts to each participant. At any time you can reply to this email and confirm that you will be attending. You can simply forward payment to me at the school.
- This conference is designed for parents of teenagers, but is certainly ideal for parents with children of all ages. My children are in elementary school, but I am very thankful that I attended the conference while they are young.
- The conference should end around 8:30pm.
- Childcare will not be provided.

Please direct any questions to Mr. Priest (bpriest@covenantrams.org).

The link below that will provide a brief introduction to Barrett and Jenifer and their ministry.

From their website...

Critical Conversations – Helping our Kids Navigate a Hyper-Sexualized Culture (From 1.5 to 3 hours)

This workshop covers many of the issues addressed in The Talk(s) and covers both “what to know” and “what to do” to help our kids make wise choices. Parents leave with the tools they need to have ongoing conversations about physical changes, dating, porn, social media and God’s awesome design for sex. It is great for parents of teenagers but ideal for parents of 1st through 7th graders.
